PROGRAM OVERVIEW
 Human services workers help clients obtain benefits or services and monitor, keep records on, and inform supervisors about clients' progress. They work in group homes and halfway houses; correctional, mental retardation, and community mental health centers and facilities; family, child, and youth service agencies; and programs concerned with alcoholism, drug abuse, family violence, and aging. Human services workers generally perform under the direction of social workers or direct care supervisors. The amount of responsibility these workers assume and the degree of supervision they receive vary a great deal.

This 24-credit certificate is appropriate for those considering a career change into the Human Services field as well as those in the field who may want to upgrade their skills and knowledge.
