

Annual Report

"It may sound like bragging, and it is; HCC does a wonderful job preparing students for whatever life holds for them."

MESSAGE FROM THE PRESIDENT

This year's annual report reflects the dedication and creativity of our faculty, staff and volunteers. Despite challenges, we continue to meet our mission. On Memorial Day, we hosted our first-ever 5K Run/Walk Challenge raising much-needed funds for our veterans center and brought hundreds of people to our beautiful campus. The 23rd annual golf tournament was a resounding success allowing us to purchase academic equipment and fund new scholarships. Our scholarship reception continues to be a highlight of the spring. This year we added a twist to the event and invited the students to sit on stage during the ceremony. The joy exuding from the room was palpable and this ceremony continues to be one of my favorite events of the year.

The Foundation has done an outstanding job developing relationships with alumni, friends, students, businesses, and the community in a meaningful way. The volunteer board of directors has given time, expertise, and gifts to help secure the future of the college. The annual gifts given by you and other like-minded individuals have provided the college community with new technology and resources in the classroom and laboratories.

With an enrollment of 12,000 students and more than 125,000 individuals having walked through the doors of Holyoke Community College or having taken classes online, we are a major economic force in Hampden and

Hampshire counties. Once again, we have provided the skills and training necessary for our students to compete for today's jobs. We have also helped to make our students better managers, nurses, teachers, chefs, EMTs – the list is nearly endless. It may sound like bragging, and it is; HCC does a wonderful job preparing students for whatever life holds for them. We have the second lowest tuition and fees in the Commonwealth while we continue to upgrade our classrooms and campus providing an environment conducive to learning and academic achievement.

These accomplishments would not have been possible without you. On behalf of our students, I offer a heartfelt thank you.

A handwritten signature in cursive script that reads "Bill Messner".

William Messner

ANNUAL FUND APPEAL 2010-2011

Holyoke Community College has seen an historic rise in its enrollment over the past few years. While we welcomed the opportunity to educate more students, our appropriations from the Commonwealth did not keep pace with this increase in enrollment. In fact, state support of HCC was less than 32% last year. Even though HCC has worked hard to keep its fees and tuition affordable, the increasing cost of textbooks and gasoline – among other living and educational expenses – can become too much of a burden for our students and their families to bear.

Without the Annual Fund, some of our students might have abandoned their dreams of completing their education.

Thankfully, the support we have received from you has made a difference. The HCC Foundation has

continued to award scholarships to financially needy students, as well as provide educational technology for the classrooms and laboratories so our faculty can utilize the most innovative and up-to-date teaching tools.

This past year alone, the 2011 Annual Fund

raised approximately \$360,000 from alumni, friends, faculty and staff, corporations, and foundations. For those of you who participated this past year, thank you. For those of you who were not able to make a donation, please consider contributing this year. Our 2012 fiscal year ends June 30, 2012.

THE 2011 ELAINE MARIEB FACULTY CHAIR

HCC ALUMNI ASSOCIATION NEWS

FOR TEACHING EXCELLENCE

Diane Beers Named 23rd Marieb Chair Recipient

Professor Diane Beers, Ph.D.

Professor Diane Beers was named this year's Elaine Marieb Chair for Teaching Excellence recipient. This chair was made possible through the generosity of Professor Emeritus Elaine Marieb, Ph.D., to recognize outstanding faculty. Nominations were sought from faculty, staff, and students. Those nominated submitted material reviewed by a committee of past Marieb recipients, HCC Foundation board members, and a college representative.

Professor Beers has been a professor of history at the college since 1999. She has been an active participant in our well-known Learning Communities program, as well as our Honors program. She has done tremendous research in the areas of animal advocacy, women's rights, and social justice and is the author of a book on the animal advocacy movement.

Marieb Chair recipients may use their award toward anything they feel will enhance their classroom teaching.

We Lost a True Friend

This past spring the Holyoke Community College Foundation and indeed the entire college community lost a dear friend when alumnus Jack Doyle '54 passed away. Jack was a very active member of the greater Holyoke community having served on a variety of boards. He was a CPA by training and brought those keen analytical and financial skills to a number of nonprofit settings. He had served as the Treasurer for the HCC Foundation for more than 20 years bringing a steady hand to the management of its endowment. During his tenure, the investments

grew exponentially, in no small part to his wise counsel. The legacy he leaves here is profound. It can best be seen in the growing number of students who can pursue their educational dreams through HCC Foundation scholarships. We think he would be proud.

Jack Doyle

Dr. Richard Leon Provost '49 Funds Six Scholarships

In the last year, several alumni have created scholarships or have funded additional endowed scholarships. We thank these alumni for their generosity. Here, we celebrate the accomplishments of Dr. Richard Leon Provost '49, who has now funded six scholarships through the HCC Foundation.

Dr. Provost is the first Holyoke Junior College graduate to earn a Ph.D. (from East Texas University). Provost taught psychology and education for 34 years, at East Texas State University, Northern Illinois University, Texas A&M University, Southwestern Community College, and Kearney College in Nebraska.

As an educator, he has a history of innovation on the campuses where he taught. He created the first learning/practicum programs so that students could combine classroom learning with hands-on learning in preschools, nursing homes, and area schools; he was asked to teach the first psychology course within a nursing program; and he developed a 20-year plan for growth of the education department programs within the university.

Throughout his teaching career, he has also been recognized for his connection to the wider community. At the request of board members of one area education association, he developed a plan for consolidating 21 school districts down to 14. He also introduced the teaching of juvenile delinquency and adolescent

psychology in a police academy in Nebraska, conducted psychological screening of potential police cadets, and created profiles of difficult criminal cases on the city and county level. He has also written eight books and 15 articles on genealogy and is an award-winning artist in juried shows.

When asked to give advice to HCC students Provost said, "You have a smorgasbord of opportunities in college. Encouragement, education, and training abound for you. Seize every minute and live it. Never give it away. Commit yourself to doing a super job in school and don't be afraid to accept help from other people. Always do the best that you can."

Dr. Richard Provost

CREATING A LEGACY - THE FROST SOCIETY

The birth of a grandchild. A planned trip to a distant country. The first cold snap. End-of-the-year tax planning. Receiving an inheritance. These are a few of the many reasons that prompt individuals to contact their professional advisors to update or create estate plans. Whatever the reason, once the discussion begins it is important to consider the role charitable giving can play in shaping one's legacy through thoughtful estate planning.

To help with this process, the HCC Foundation has in place a planned giving program as a service to the thousands of friends and alumni of Holyoke Community College. Planned gifts can be used to support HCC while at the same

time provide for loved ones, offer advantageous tax benefits, and, in certain cases, provide income for one or more persons for a fixed term of years. Creating a legacy is a tremendous opportunity to make assets built during a lifetime available to future generations.

The Holyoke Community College Foundation has created the Frost Society as a means of recognizing individuals who have committed resources to support the future of HCC through deferred or planned gifts in their estate plans. Such gifts perpetuate the memory of donors and continue to address the values and traditions important to them, their families, and their communities for generations to come.

Frost Society members have made a personal commitment to the Holyoke Community College Foundation in one or more of the following ways:

- Including the HCC Foundation in a bequest provision in a will
- Naming the HCC Foundation as a beneficiary of an IRA, 401(k), or other qualified retirement plan
- Naming the HCC Foundation as a beneficiary of a life insurance policy
- Participating in the HCC Foundation charitable gift annuity program
- Naming the HCC Foundation as a beneficiary of a charitable remainder trust

Frost Society members are recognized in the HCC Foundation's Annual Report and at special events held in their honor. Members receive college publications, are notified of programs and events being held at the college, and are invited to attend estate planning seminars. Membership in the Frost Society is offered to all individuals who have made a provision in their estate plans for the Holyoke Community College Foundation, regardless of the amount. All gifts—no matter what the size—are deeply appreciated, gratefully acknowledged, and work in perpetuity to support the mission of HCC.

23RD ANNUAL HCC GOLF CLASSIC

This year was a year of great physical activity for the HCC Foundation staff! We began the year with our traditional September golf tournament, in its 23rd year. Two very generous donors, board member William Bagshaw and local attorney Frank Fitzgerald, spearheaded a campaign to endow a scholarship in memory of Deborah Ferriter. Deb was a valuable employee in the legal offices of Fitzgerald & Fitzgerald, PC, and also happened to be very helpful in assisting the HCC Foundation in securing sponsorships for the tournament. She had a lifelong love of animals. When she passed away unexpectedly in 2010, we all wanted to help.

The Foundation committed to allocating half of the proceeds from the tournament for a

scholarship in Deb's memory for a deserving veterinary technology student at the college. We have one of the few veterinary technology programs in the area and this seemed like an excellent way to honor her love of animals and have her legacy continue in a meaningful way. With the generosity of our golfers, we were able to fulfill that commitment.

IN MEMORIAM

Deborah M. Ferriter
(1953-2009)

HCC MEMORIAL DAY 5K RUN/WALK CHALLENGE

With the golf tournament details wrapped up in the fall, we turned our attention to something a little faster...like a road race. President Emeritus David Bartley formed a small committee that met throughout the winter to plan the first-ever HCC 5K Run/Walk Challenge. Held on Memorial Day, this event raised funds for our newly opened Veterans Center on campus. We had over 100 runners, lots of volunteers, and while Mother Nature threatened to disrupt the event, she ultimately provided pleasant

running conditions for our participants. The event raised nearly \$3,000 that will be used to expand programming for our growing population of student veterans. Our thanks to all the corporations and individuals who made these events such a success.

The HCC Memorial Day 5K Run/Walk Challenge

7TH ANNUAL PRESIDENT'S DINNER

Donors and friends were treated to a very special evening this past spring when our Business 260 students gave their presentations on area businesses at our annual President's Dinner. The dozen students fortunate enough to take part in this special capstone class had the opportunity to visit six area businesses and then present their findings at the dinner. Nearly all the business leaders came to the event and with the business students seated at each of the tables, plenty of

interesting conversations ensued. While the business students took center stage, we were also able to showcase the many talents of our culinary and music students, as well as our faculty.

We've Been Launched!

If you haven't checked out our website lately, please take a look at the "new" HCC. We have an updated and dynamic site that will get you anywhere you want to go. We especially hope you will go to the "Alumni & Friends" link at the top and look over all that the Alumni and Foundation offices do to support

the college and the great folks who help us accomplish this work. You also have the option of giving to the college from that page or from the homepage. Please give us your comments about this great innovative tool that sings the praises of HCC and our students!

SCHOLARSHIP RECEPTION 2011

Thank You

Your Generosity Makes a Difference

The commitment of our donors over the years has allowed us to increase the number of scholarships awarded to students for the past decade. Your gifts have brought that number from 43 in 2001 to over 140 this past year. As generous as this commitment is, we don't come close to helping all the students who apply.

This year we hosted our largest-ever scholarship reception. The Forum theater in our Fine and Performing Arts building was occupied with donors and the family members of our scholarship recipients. The recipients occupied nearly every square inch of the stage. Scholarship Committee Chairman Fran Kane helped us recognize the newest scholarships this year:

- Eleanor V. Burns Scholarship
- Debbie Ferriter Memorial Scholarship
- Maurice and Peggy Ferriter Scholarship
- Lucille Gill and Thomas Gill, III, Scholarship
- Alfred C. Loomer Memorial Scholarship
- Erma J. Provost Shepard Scholarship
- Milton and Raymond Provost Scholarship
- Leona R. Richards Taylor & Dorothy Provost Memorial Scholarship
- Peg and Gary Wendlandt Scholarship (2)

We were also able to recognize our longtime math professor, registrar and dear friend, Victor Thomas. Professor Emeritus Thomas passed away in early 2011. He was a 50-year employee of the institution and a particular friend to the HCC Foundation. He helped

found our January Florida snowbird lunches for retired HCC employees and friends. He helped raise funds for our Fund the Future Scholarship, contributed his own funds to help the library, and endowed a scholarship in his name. We were graced with his family members at the reception and his son, Victor Thomas Jr., shared an emotional time with us as he recounted his father's history with the institution. Victor's legacy continues to live on here at the college in so many ways.

For a complete listing of all the students who received scholarships, please review page 26. If you are interested in learning more about endowing a scholarship at Holyoke Community College, please contact Erica Broman at (413) 552-2747 or ebroman@hcc.edu or Keith McKittrick at (413) 552-2746 or kmckittrick@hcc.edu.

BUS 260 AT HOLYOKE COMMUNITY COLLEGE

Business Students Soak Up Success Secrets

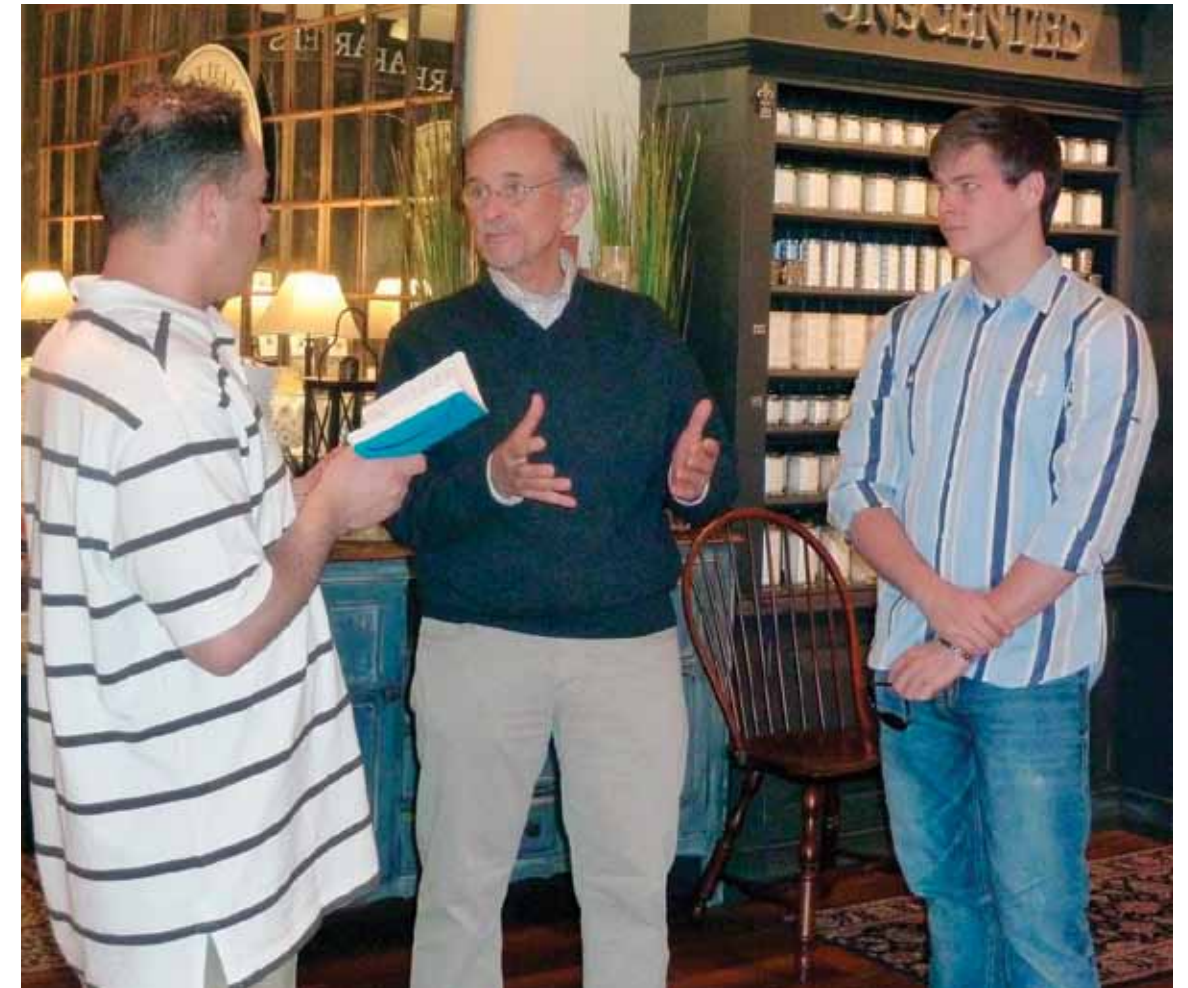

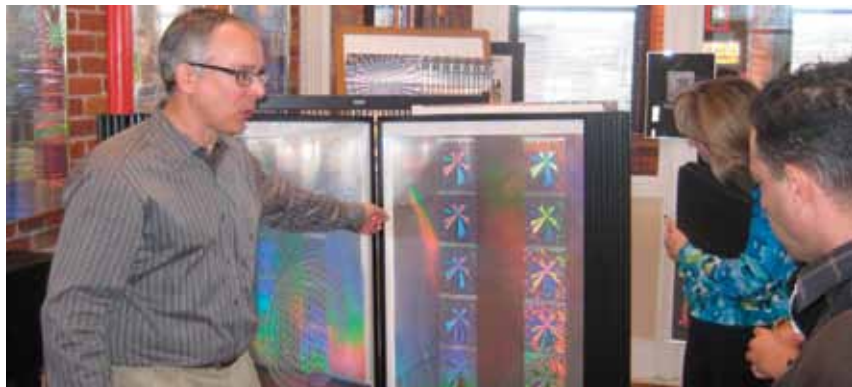

A dozen very lucky students enrolled in the college's Spring 2011 Living Case Studies business class learned firsthand the secrets for entrepreneurial success from Holyoke Community College alumni. Working with professors Anne Potter and Ellen Majka, the students did both in-class work and field

trips throughout the semester. They researched local businesses, asked probing questions, wrote papers, and made presentations at the end of the semester at the annual President's Dinner. Businesses as varied as the Holyoke Mall to the Hu Ke Lau opened their doors and their minds to these eager students.

These businesses shared the background on their organizational structures, products/services, marketing, and in many cases, gave advice on career direction and business opportunities. Our deepest thanks to:

- John Hazen from Hazen Paper
- Lisa Wray from the Holyoke Mall
- Andy Yee from the Hu Ke Lau
- Gayle Smith from Middlebridge Marketing
- Michael Kittredge from Kringle Candle
- Joseph Peters from Universal Plastics

If you have a business and might be interested in helping the next generation of entrepreneurs at our Kittredge Business Center, let us know!

HOLYOKE COMMUNITY COLLEGE FOUNDATION DONORS

We remain deeply appreciative to the thousands of individuals and businesses who have given so generously to the Holyoke Community College Foundation this past year. Private funding is a pivotal component so that HCC can continue to be a leader in affordability and accessibility in public higher education in Western

Massachusetts. These contributions are instrumental in sustaining and enhancing the remarkable education HCC offers.

The following have established new funds, added to existing funds, or contributed to the college's annual fund. Included are contributions from July 1, 2010, through June 30, 2011.
