

Jump Start – Certified Nursing Assistant (CNA) Program **Health Records Requirement**

Students are required to submit the following medical documentation when enrolling for the CNA Program.

- ✦ **COVID-19** – documentation of primary vaccination series, due two-weeks prior to the start of classes.
- ✦ **Tetanus, diphtheria and pertussis (TDaP)** – evidence of vaccination within the past 10 years.
- ✦ **Measles** – evidence of two vaccinations or immune titer results.
- ✦ **Mumps** – evidence of two vaccinations or immune titer results.
- ✦ **Rubella** – evidence of two vaccinations or immune titer results.
- ✦ **Hepatitis B** – evidence of three vaccinations or immune titer lab report results (surface antiBODY, antiHBs).
- ✦ **Varicella (chickenpox)** – evidence of two vaccinations, immune titer results or documented history of disease.
- ✦ **Meningitis** – Menveo/Menactra (aka MenACWY/MCV4) dose required for those under age 21; or signed meningitis waiver form.
- ✦ **Influenza** – recommended for all students during influenza season.
