LEARNING COMMUNITIES

“It’s really supportive here—there’s always somebody willing to help if there’s a problem. It’s always, ‘how can we help you get through this and make this so it’s going to work for you?’ If I run into brick walls, there’s somebody with their hand out, ‘Here, let me help you get over this hurdle.’”

DEGREES & CERTIFICATES

DEGREES

Degrees can be completed in as little as two years full time, or part time at a pace that suits you. It is challenging to complete most degree programs in two years, and some students opt to take slightly longer, especially if they have work or family responsibilities. Degrees prepare you for a career or transfer to a four-year college or university. They require completion of at least 60 credits, usually combining specific major-related courses with a choice of electives.
