SUCCEED
START WITH SUCCESS

At HCC, you’ll find a multitude of ways to deepen your understanding of a subject, and a multitude of learning environments.

Ready for a challenge?

HONORS
Honors grads go to colleges and universities such as Amherst, Smith, Wellesley, Mount Holyoke, Cornell and Brandeis. Special benefit: Honors grads get automatic acceptance into honors programs at all Massachusetts state colleges and universities.

LEARNING COMMUNITIES
The name says it all. Team-taught, interdisciplinary courses that view one theme through multiple lenses. For example, “The Causes and Consequences of Hunger and Homelessness,” taught by an English professor and an economics professor.

“It’s really supportive here—there’s always somebody willing to help if there’s a problem. It’s always, ‘how can we help you get through this and make this so it’s going to work for you?’ If I run into brick walls, there’s somebody with their hand out, ‘Here, let me help you get over this hurdle.’”

— Tameika Heathman Psychology
How much will it cost?

DEGREES & CERTIFICATES

DEGREES

Degrees can be completed in as little as two years full time, or part time at a pace that suits you. It is challenging to complete most degree programs in two years, and some students opt to take slightly longer, especially if they have work or family responsibilities. Degrees prepare you for a career or transfer to a four-year college or university. They require completion of at least 60 credits, usually combining specific major-related courses with a choice of electives.
