### ABE/College Transition Program

Transition to College & Careers (TCC) is a free, non-credit program offered both days and evenings that helps adult students 18+ prepare for college and identify a career path.

Contact: Marie Troppe  
Director of ABE & TCC  
Phone: 413.552.2728  
Email: mtroppe@hcc.edu

### Cooperating Colleges of Greater Springfield (CCGS)

This consortium includes HCC as well as American International College, Bay Path College, Elms College, Springfield College, Springfield Technical Community College, Western New England University, and Westfield State University. A degree or certificate-seeking student taking at least six credits at HCC is eligible to take two daytime courses that are not being offered at HCC at a participating CCGS college at HCC's tuition/fees rate. Online, evening and Intersession classes are excluded. Contact Student Records, Frost 221 413.552.2319.

### Disabilities & Deaf Services

Donahue 147, 413.552.2417 (Voice/TTY)

Email: osd@hcc.edu

If you are a Deaf student or have a documented disability that may require special accommodations, call to make an appointment with a disability specialist.

### English as a Second Language

Donahue 203, 413.552.2553

English as a Second Language (ESL) is a series of academic courses with support services for students whose native language is not English. These courses are primarily for students who wish to develop their skills in speaking, listening, reading, writing, grammar, and pronunciation.

### Honors Program

Frost 270, 413.552.2427

The Honors Program offers intellectual challenge for students in every discipline. For more information, visit [www.hcc.edu](http://www.hcc.edu) or contact Vanessa Martinez, 413.552.2858, [vmartinez@hcc.edu](mailto:vmartinez@hcc.edu).

### New Directions & Veterans Services

FR 232, 413.552.2346

New Directions is a college success program for students age 24 and older, parents, and veterans. New Directions is a comprehensive program that recognizes that adults often are balancing college life with many career, family, personal or military responsibilities. We serve a wide range of new and returning students, including those who have been out of school for many years. Program advisors help new students navigate the complexities of college admissions, offer support as they transition to college life and provide veterans, reservists, active duty and eligible spouses and dependents of veterans the most up-to-date information about military benefits. Our goal is to help you succeed at HCC, define your career and educational goals, and discover opportunities for transfer to a four-year college or university.

### Online Programs & Academic Initiatives

MRB 225, 413.552.2272

[onlineprograms@hcc.edu](mailto:onlineprograms@hcc.edu)

Save gas, cut your commute and organize college around your schedule, instead of the other way around! Online courses at HCC make college possible for busy people like you. HCC degree and certificate programs can be completed 100%, 80% or 50% online.

### Math Center (DON 246)

Open until 3 on Fridays

Drop-in for tutoring or math prep help for all HCC math or math-related courses. Professional and peer tutors, assistance through videos, computer software/tutorials, workshops, and other resources to help you master math.

### Writing Center (DON 238)

Drop-in assistance for all HCC courses' writing assignments, not just English. Professional and peer tutors help you brainstorm to get started, polish up your first draft, review grammar, and help with research paper format.

### Tutoring Center (DON 244)

Drop-in tutoring and tutoring by appointment in most subjects offered at HCC—from accounting to zoology. If we don't have a tutor for a particular class, fill out a Tutor Match Form and we will find one for you.

### Online Tutoring

([www.etutoring.org](http://www.etutoring.org))

Available to all HCC students. Live one-on-one tutoring seven days a week in math, accounting, statistics, and life sciences. Submit subject-specific questions or your draft paper to an e-Tutor for suggestions and receive a response in 24 to 48 hours.

### Learning Coaches: your personal coach for academic success

If you're anxious about keeping it all together or wish to become a better student, CAPS's learning coaches can help. Get support in reading, writing, math, study skills, organization, test-taking, and time management in weekly sessions.

### ESL Tutoring Center

(DON 238)

Tutoring by appointment for all levels of ESL.

### ALANA Men in Motion Program

Academic support and mentoring for empowerment and academic success for HCC's self-identified African American, Latino, Asian American, Native American and multiracial men.

### Experiential Learning (Internships)

Experiential learning is a process through which students develop knowledge, skills, and values from direct experiences outside a traditional academic setting. Experiential learning encompasses a variety of activities including internships, externships, practicums, service learning, shadowing, cooperative education, volunteering, student organization leadership, campus involvement, faculty-led projects, and student employment/work-study.

Learning that is considered "experiential" contain all the following elements:

- Reflection, critical analysis and synthesis
- Opportunities for students to take initiative, make decisions, and be accountable for the results
- Opportunities for students to engage intellectually, creatively, emotionally, socially, or physically
- A designed learning experience that includes the possibility to learn from mistakes and successes

## REGISTRATION CHECKLIST

**HOLYOKE  
COMMUNITY  
COLLEGE**

- **Apply for Admission to HCC!** Create an account at [www.hcc.edu/apply](http://www.hcc.edu/apply). Complete and submit your application. A decision letter or acceptance packet will be sent to you in the mail. Follow the steps sent to the email address you provided.
- **Apply for Financial Aid.** Create an FSA ID at <https://fsaid.ed.gov>. Next, go to [www.fafsa.gov](http://www.fafsa.gov) to submit your financial aid application. HCC's school code is 002170. If you have already completed a FAFSA, please check on your application by logging in to Online Services at [www.hcc.edu/myhcc](http://www.hcc.edu/myhcc).
- **Take the Placement Test.** HCC uses the College Board Accuplacer test. Go to <https://accuplacer.collegeboard.org/students> for practice tests and study guides. To schedule your test, contact the Assessment Center at 413.552.2015 or email [assessment@hcc.edu](mailto:assessment@hcc.edu). This is also where you get your Student ID.
- **Register for classes.** Meet with an advisor to develop your educational plan and schedule your classes. A career counselor can help you choose a major or provide career exploration. Walk into the Advising, Career & Transfer Center (ACT) or call 413.552.2722 to schedule your appointment.
- **Log in to Email & Online Services** at [www.hcc.edu/myhcc](http://www.hcc.edu/myhcc). HCC email is used for all communication. Online Services gives you access to e-billing and payment plans, financial aid status, financial aid consent to electronic communication, insurance waiver, registration, advising, DegreeWorks, grades, and student records. Be sure to check it regularly!
- **Pay Tuition and Fees** by the deadline printed on your schedule or found here: [www.hcc.edu/admission/paying-for-college/billing-and-refund](http://www.hcc.edu/admission/paying-for-college/billing-and-refund). You can pay online by logging in to Online Services at [www.hcc.edu/myhcc](http://www.hcc.edu/myhcc). All HCC bills are electronic. You will not receive a bill in the mail.
- **Order your Textbooks** at [www.hcc.edu/bookstore](http://www.hcc.edu/bookstore). Order early to ensure delivery prior to the start of the semester!
- **Attend New Student Orientation.** New Student Orientation (NSO) provides you with information about the college that will help you make a successful transition. NSO is mandatory for all new students. For more information on NSO, go to [www.hcc.edu/orientation](http://www.hcc.edu/orientation).

## Credit Course Enrollment Information

### New and Re-Admit Students

Students new to HCC and students who have been away from HCC for one or more semesters must apply for admission at [hcc.edu/apply](http://hcc.edu/apply). All degree or certificate seeking students must take the placement test. HCC uses the College Board's Accuplacer test for placement into math and English. Placement test scores are valid for two years. After you have completed the placement test, you will meet with an advisor to develop an educational plan and register for classes.

### Current Students

Registration for current students begins March 22. Students may add and drop classes through September 8. If you have earned fewer than 12 college-level credits at HCC or your cumulative GPA is under 2.5, you must obtain an alternate PIN from your advisor in order to register. HCC provides academic advising to all current students. To look up your advisor's name and contact information, login to Online Services at [www.hcc.edu/myhcc](http://www.hcc.edu/myhcc). Students who have earned 12 or more credits at HCC and have a cumulative HCC GPA of 2.5 or higher may register, add and drop classes through Online Services or on campus without an alternate PIN.

Students who plan to register for fewer than three classes per semester can complete the registration form on page 72 (summer) and 74 (fall). If registering for Online courses only, go to [hcc.edu/online](http://hcc.edu/online) to complete the Online Course Registration Request form.

## COURSE CANCELLATION

Low enrollment can necessitate course cancellation. HCC will attempt to notify students whose class has been cancelled and help them choose another course or obtain a refund. Completing your course registration as early as possible helps the college avoid cancelling classes.

**If the college cancels a course, 100% of all tuition and fees are refunded.**

### MassPIRG fee

..... \$9 per semester  
The MassPIRG fee is student elected to support efforts to preserve the environment and protect consumers statewide. The fee is waivable and payment is voluntary. If you would like to waive the fee, please stop by Student Account Services located in Frost 201 and request a waiver form; or email [studentaccounts@hcc.edu](mailto:studentaccounts@hcc.edu).

## STUDENT ACCOUNT BALANCES AND PAST DUE BILLS

You must pay your bill by the due date listed on p. 9 (based on date of course enrollment) to avoid late fees. A hold will be placed on your account preventing you from enrolling in future semesters and/or obtain an official transcript until the balance is paid in full.

If a balance remains on your account, the balance will be referred to collection agencies where you will be charged legal fees, and collection company fees and costs. Collection costs can be as high as 40 percent of the past due unpaid balance. In addition to collection agencies, unpaid accounts will be referred to the Massachusetts Department of Revenue and reported to the Massachusetts Debt Intercept Program where state and federal payments due to the student, including state tax refunds, will be intercepted and transferred to Holyoke Community College until the student account balance is paid in full.

## REFUND POLICIES

### Refund Policy for Credit Courses or College Withdrawals After Add/Drop Deadline

A withdrawal form must be completed in the Office of Student Records to receive any refund. Refunds are based on the date the form is received, regardless of registration date or attendance. Processing of refunds takes four–six weeks. Do not fax withdrawal forms.

## FINANCIAL AID

Frost 201, 413.552.2150

HCC students may apply for financial aid at <https://fafsa.ed.gov>. Certain academic standards must be maintained in order to receive these funds. Additional information is available in the Financial Aid Office.

Office hours are

- Mon, Tues, & Thurs 8:30 a.m. – 6:00 p.m.
- Wednesday 8:30 a.m. – 7:00 p.m.
- Fri 8:30 a.m. – 4:30 p.m.

## Financial Aid

The majority of financial aid funds at HCC come from federal and state programs for which eligibility is need based. Students must reapply for this aid each academic year. State-funded programs require the student (and parent) to have been Massachusetts residents for at least one year before the start of the school year. All awards are subject to the availability of funds and changes in federal, state, and college regulations, policies and procedures.

All students at HCC benefit from the low community college tuition and fees made possible by substantial support from the Commonwealth of Massachusetts. In addition, many students or families who are taxpayers also benefit from the American Opportunity Credit, the "Lifetime Learning Credit," the deductibility of student loan interest payments, and/or other federal tax breaks. For detailed information you can read IRS Publication 970, Tax Benefits of Higher Education, which you can download from the web site [www.irs.ustreas.gov](http://www.irs.ustreas.gov).

## Scholarships

HCC has many scholarships available for eligible students. To apply, go to [www.hccscholarships.org](http://www.hccscholarships.org).

## Academic Information

### Academic Probation and Dismissal

Academic probation or dismissal for students is determined by the cumulative Grade Point Average (GPA) and Quality Hours, as follows:

Cumulative Quality Hours	Cumulative GPA Required
Below 9	No minimum
9 - 30	1.75
Above 30	2.0

**Probation:** The first time a student fails to earn the minimum required GPA as listed above, he/she will be placed on Academic Probation.

**Dismissal:** At the end of two semesters of probation, if the cumulative GPA remains below the minimum standard, the student will be dismissed. However, the student will not be dismissed if, during a probationary semester, he/she earns a GPA of 2.0 or better.

**Readmission:** A student dismissed because of the lack of academic progress may petition for readmission by contacting the Academic Affairs office 413.552.2770.

### Auditing a Course

Auditing a course means attending but not being responsible for written work such as assignments and tests. Audited courses do not earn credits. To audit a course, complete an Audit Petition at the Student Records at the time of registration or within the first week of the semester. The cost to audit a course is the same as enrolling for credit.

## Billing Notice

Registration will be cancelled (and course schedule dropped) for any student account or bill not paid by the due date (see below). Exceptions will be made for students on the payment plan and those who have pending financial aid applications and are making satisfactory academic progress. A student will be responsible for any charges incurred that are not addressed in a payment plan or covered by financial aid. Students will be responsible for charges incurred if courses are not dropped during the add/drop period.

### SUMMER 2017 BILLING SCHEDULE

If you register: Your bill will be due by:

March 22 - April 13 May 10

April 14 - April 27 May 17

## Testing, Test Preparation, and Adult Basic Education

HCC's HiSET Testing Center, the largest HiSET testing center in Massachusetts, offers a variety of testing to provide an opportunity to earn your high school equivalency certificate. HCC offers HiSET preparation programs and other services in the afternoon, evening, on-campus, and at the HCC Adult Learning Center at Pickney Adult & Family Education Center in Holyoke.

HCC offers College Level Examination Program (CLEP) testing, a national examination system administered by the College Entrance Board. The two types of CLEP examinations are administered throughout the year: the general, and subject examinations based on typical colleges courses throughout the country. Score successfully on the tests to receive college credit.

The Ludlow Area Adult Learning Center, a community-based Adult Basic Education program, offers day and evening classes in basic English (beginning through advanced levels) for speakers of other languages; tutoring; computer skills workshops; assistance with citizenship issues; transition to college services; career and academic counseling; and referrals.

## High School Equivalency Test

The HiSET program provides an opportunity to earn your high school equivalency certificate.

The HiSET office is open Monday - Friday 9:00 a.m. - 4:00 p.m. at HCC's Holyoke campus, Kittredge Center. Present picture ID and \$65 by money order at the time of registration. Testers under age 18 must also present a letter of withdrawal from their most recent high school.

# HiSET

For more information and testing schedule, contact Theresa in HiSET Testing Services, 413.552.2292 or visit [www.hcc.edu](http://www.hcc.edu).

## College Level Examination Program

CLEP tests help you receive college credit for what you know, regardless where you learned it—on the job or through life experience.

Cost for each CLEP test is:

- \$25 registration fee (money order only, payable to Holyoke Community College)
- \$72 CLEP testing fee (paid on test day with debit or credit card only)

For more information go to [www.hcc.edu](http://www.hcc.edu) or call CLEP Testing Services, 413.552.2112.

Tests are administered at HCC's Holyoke campus, Kittredge Center, second floor.

student accumulates 12 credits, that student is placed on the Dean's List if his/her GPA is 3.2 or higher for that group of 12 credits. Each group of 12 credits is evaluated sequentially; no carryover of credits is allowed.

### Developmental Courses

Courses numbered below 100 are developmental and are not applied toward degree requirements. Developmental course credits and grades are not included in credits earned and are not calculated into the Grade Point Average.

### Fresh Start Option

Once in a lifetime, after a three-year minimum absence from HCC, a student with a Grade Point Average of less than 2.0 may elect Fresh Start. This eliminates the effect of all past course work from the GPA. Past HCC courses may be accepted into the Fresh Start program in accordance with the college's transfer credit policy. For information, contact Academic Affairs, Frost 317, 413.552.2770.

### Graduation

Student Records, FR 221

After your records are reviewed and all requirements have been met, your name will be placed on the graduation list. Congratulations!

### Incomplete Grade

The grade of "I" is given to a student who for good reason (e.g., illness) is unable to complete a major part of the work in a course. It may also be given at mid-semester indicating that work has not been completed. The student has until mid-semester to complete work for courses **other than those that serve as a prerequisite for another course**. Unless waived, prerequisite course requirements must be completed before the first day of the following semester/ Intersession. A grade of "F" and 0.00 grade points will be recorded for work not completed as required.

### Prerequisites

When enrolling for a course with a prerequisite not taken at HCC, students will be responsible for presenting a college transcript which documents that the prerequisite has been met.

### Repeated Courses

Students may repeat courses at HCC in an attempt to earn credit or improve their Grade Point Average. Credit may not be earned twice for a repeated course. All grades, including those in repeated courses, will appear on transcripts. The most recent grade will be included in the student's GPA calculation. The previously recorded grade will be excluded from the GPA, but will still appear on the student transcript.

**Financial aid can only pay for one repeat of a previously passed course.** This repeat policy applies even if the student did not receive financial aid when enrolled in the course in the past.

### Transferring Credit Into HCC

The college accepts transfer credit from other regionally accredited institutions of higher learning for courses which may be applied to the student's declared program of study if the courses are similar in content to those offered here. When transfer credit is awarded, the grades earned are not averaged into the student's Holyoke Community College GPA. Credit is

granted for courses carrying a grade of C- or better, regardless of the cumulative GPA at the previous institution. The college also grants credit for military courses which meet guidelines issued by the American Council on Education (ACE). For foreign transcripts, the college will provide the student with a list of agencies that evaluate foreign credentials for a fee; the credit award is based on the evaluation which the college receives directly from the agency and also on the applicability of the course work to the student's program. The limit of transfer credit from all sources, including CLEP, is in accordance with the college's 30-credit residency requirement. However, students may request a waiver of this requirement. Waivers are granted on a case-by-case basis by the Vice President for Academic Affairs. Waivers are requested by submitting a Request for Exception to Graduation Requirement form to the Office of the Vice President for Academic Affairs.

To submit your transcript for review, contact your previous institution and request that an official transcript be sent directly to the following address: Student Records Office, 303 Homestead Avenue, Holyoke, MA 01040. FAXED transcripts are not accepted.

### Third Party Billing (Company-Agency Payments)

Third party registrations should be submitted in person at Student Account Services located in Frost 201. HCC requires an original letter from the company or agency on their official letterhead including student full name, last 4-digits of the Social Security Number, HCC Student Identification Number, course(s), total or maximum amount being paid by the company or agency, and third party contact information. If you, the student, expect the bill to be partially or fully paid by a third party agency or company, and/or a private scholarship, you must still make payment arrangements with the Student Accounts Office by the due date of your bill. If payment in full is not submitted to Student Accounts Office by the third party within 30 days from the bill date, you will be responsible for paying any outstanding charges. If payment in full is not received by the due date of the billing statement, past due collection procedures will apply as stated on the Past Due Bills/Student Account Balances section, page 8. For questions, please email studentaccounts@hcc.edu or call 413.552.2204.

### Categorical Waivers

The Categorical Tuition Waivers are designed to provide financial support to individuals who might not have the opportunity to achieve higher education, without such assistance. Please visit <http://www.mass.edu/osfa/programs/categorical.asp> for state detailed information. The tuition waiver should be submitted in person at Student Account Services located in Frost 201 along with the application for the Massachusetts Categorical Tuition Waiver. The application is available on the HCC website and the Student Accounts Office.

### Department of Children and Families (DCF) Adopted Child Tuition Waiver and Fee Assistance Program (subject to state budgetary appropriation)

The program is designed to lessen the financial burden on adopting parents in the Commonwealth. This waiver extends eligibility to all children and young adults, age twenty-four or under, adopted through the Department of Children and Families by state employees or eligible Massachusetts residents, regardless of the date of adoption. Please visit <http://www.mass.edu/osfa/programs/dcfadopted.asp> for state detailed information. The tuition waiver should be submitted in person at Student Account Services located in Frost 201. The waiver is applicable only to State Supported course(s).

### Department of Children and Families (DCF) Foster Child Tuition Waiver and Fee Assistance Program (subject to state budgetary appropriation)

The program is designed to provide financial support for higher education to foster children in state custody who were neither adopted nor returned home. The DCF Foster Child Tuition Waiver and Fee Assistance Program provides a valuable resource for them and will help reduce their educational loan debt. Please visit <http://www.mass.edu/osfa/programs/dcffoster.asp> site for state detailed information. The tuition waiver should be submitted in person at Student Account Services located in Frost 201. The waiver is applicable only to State Supported course(s).

In addition, the college maintains and promotes a policy of non-discrimination on the basis of gender identity/expression.

## Accreditation

HCC is accredited by the New England Association of Schools and Colleges, Inc., a non-governmental, nationally-recognized organization whose affiliated institutions include elementary schools through collegiate institutions offering post graduate instruction.

**Note: Certain programs also have industry-specific accreditations. See individual academic program information in the College Catalog for more information.**

## Student Right to Know Disclosure

Notice is hereby given that, in accordance with the Student Right to Know Act (Title I of Public Law 101-542 and 103-382) all student right-to-know and equity in athletics information is published in the applicable Student Handbook, available on the publications section of the college's website or in print by request to the Student Services Office 413.552.2390.

## HCC's Philosophy of the First Year

Holyoke Community College intentionally cultivates a foundation for college success. The college community is committed to helping new students:

- successfully transition to college;
- access resources and support services;
- explore and identify academic, career, and personal goals;
- understand academic expectations and apply strategies for academic success; and
- enhance core competencies: critical thinking, quantitative reasoning, information literacy, effective communication, and knowledge of diversity.

**Students Commit To:**

**Begin** at one of Massachusetts' Community Colleges

**Complete** associate degree within 2.5 years

**Transfer** to one of Massachusetts' State Universities or UMass campuses

**Complete** bachelor's degree within 2 more years

**Maintain** full-time, continuous enrollment and a cumulative 3.0 GPA throughout the program

**Enroll** prior to earning 15 credits (including developmental coursework)

**Commonwealth Commitment to Students:**

**A freeze on tuition & mandatory fees** for all four years upon entry into the Commonwealth Commitment program, until student graduates or leaves program

**A reduction in tuition & mandatory fees** by an average of \$5,090 over four years through:

- **A 10% rebate** off tuition & mandatory fees, payable via check or bookstore voucher at the end of every successfully completed semester
- **An additional MassTransfer tuition credit** once student enrolls in bachelor's program

### Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI)

Prior to placement or acceptance into programs or courses requiring direct work with vulnerable populations (such as children, the elderly, or the infirm), a student will be subject to a CORI and SORI screening. The results of this check may or may not disqualify a student from entering a program. More details on the college's policy are available in the college's *Student Handbook*, available online at [www.hcc.edu](http://www.hcc.edu) or by calling the Dean of Student Services, 413.552.2390.

**Day Abbreviations:**

- M: Monday
- T: Tuesday
- W: Wednesday
- R: Thursday
- F: Friday
- S: Saturday
- TR: Tuesday/Thursday

Every course section has a unique identification number needed for registration:

CRN: course registration number

Some courses include the following codes:

**CEM** \$50 CEM (Course Equipment and Materials) fee applies

LC: Learning Community

LX: Linked Courses

**Northampton:** course held in Northampton, see page 2 for location

Online: Online course, see page 61 for more information

**PAFEC:** course held in Picknelly Adult & Family Education Center, see page 2 for location

**Web Supported Courses**

(designated by “Web Enhanced TBA” or “+” for English 101)

Combine traditional classroom learning with an additional hour or two per week of required web learning. You’ll spend most of your time on campus but you will also be expected to access class notes and assignments via the Internet, publisher sites, or Moodle.

**Blended Courses**

(previously designated Brick + Click)

Combine online and traditional classroom learning. You’ll alternate between on-campus lecture and online learning, thus minimizing your time on campus and commute. When not on campus, you access class notes and assignments via the Internet, publisher sites, or Moodle.

Transfer Compact core course designations: (A), (B), (C), (D), (E), are found after the course name in this schedule. They are included as part of the description of all courses meeting Transfer Compact requirements in the course description section of the *College Catalog*. A list of courses by designation appears in that section as well.

## Summer 2017 Course Offerings

Wheel Throwing--Form and Surface Design						
This wheel-throwing course will focus on throwing techniques and surface design. Students will gain an understanding of the relationship between form and the designed surface of an object, as well as the role of the ceramic object in our daily lives. Using local clay, students will work on projects including tableware and sculptural forms. Color and pattern development based on traditional and contemporary ceramic techniques will be explored using the layering of slips, under-glaze and glaze. This studio-intensive course will also incorporate non-wheel techniques. While some clay experience is helpful this course is open to all levels. Contact professor Adero Willard, Awillard@hcc.edu, for prerequisite waiver.

In the brief span of a decade, mobile digital photography has collided with the birth of social networks. It has transformed the way we view and understand art on a global scale. And what technological advance has been more widespread and visible than the iPhone? This form of photography is discreet, powerful, ever-present, immediate and collaborative. During this course, students will produce photography books through online publishing, in addition to creating iPhone images. Apple iPhone or Android devices are required. Prior photography experience is recommended, but not necessary.

**Honors**

<b>BIO 107</b>	<b>Honors Gen Bio: Intro to Cell Biology</b>	<b>[E]</b>				<b>4 Credits</b>
<p>This course provides a rigorous introduction to the living processes within cells by exploring the chemical and molecular basis of life. The Honors section will cover the same breadth of content as non-honors sections, but in more depth and using the topics of the evolution of antibiotic resistance and targeted gene-editing (Crispr-cas9 and related approaches) as a way to organize the content. Emphasis is placed on basic chemistry, cell structure, and the important types of biochemical reactions, which occur during growth, development, maintenance, and reproduction in cells. Particular detail is given to biochemical processes in human cells. Laboratory exercises supplement the lecture emphasizing the scientific method and inquiry based learning. Students in the Honors section will carry out an original lab research project. 3 class hours and 3 laboratory hours. Prerequisite: ENG 101 Eligible and MTH 104 Eligible or Permission of Instructor. Note: This course is designed to prepare students for further study in biological science and health-allied programs. Credit cannot be received for more than one of these, except by permission of department chair: BIO 103, BIO 107. Note: BIO 107.20 is the corresponding laboratory for this class.</p>

Admit it. You aren't like them. You're not even close. You may occasionally dress yourself up as one of them, watch the same mindless television shows as they do, maybe even eat the same fast food sometimes. But it seems that the more you try to fit in, the more you feel like an outsider. – Timothy Leary

Institutionalized rejection of difference is an absolute necessity in a profit economy which needs outsiders as surplus people. – Audre Lourde

*In Punks, Queers, Freaks, and Geeks we will explore themes associated with the definitions, context, debates, cooptation, and commodification of outsider cultures. Specifically, we will consider questions such as, what is an outsider culture? What contexts contribute to outsider status? Who defines that status and what is the relationship between outsider and insider? How do outsider cultures shape the normative culture and vice versa? Potential topics for examination include outsider subcultures that reflect sexual, political, economic, cultural, intellectual, and racial identities. We will immerse ourselves in the history, literature, art, music, and fashion of each outsider culture and consider their ongoing legacies for our society today. Prerequisites:* 3.5 GPA after 30 hours of study and/or permission of instructor(s). English 102 preferred. Eligible students will be invited by mail to apply.

Learning Communities

**LC 100 Surviving: Power of the Human****9 Credits**

How do men and women overcome unexpected crises and climb out of poverty or rise above abusive working conditions? In this LC, we will read memoirs, articles, essays, and short stories, to explore the inner strength that people discover when they experience injustice, exploitation, displacement, discrimination, racial profiling, and other difficult circumstances. What are the psychological qualities of a survivor? How do survivors connect to other people and community? We'll examine the transformative role adversity can play in elevating the human spirit. The writing assignments will include some personal experience but mostly will be based on the readings and will include one research essay. This semester we will focus on the theme of survival as it pertains to food insecurity, worker exploitation, immigration difficulties, and racism.

*Prerequisite:* Recommendation of ESL 141 instructor, ENG 095, or placement test, or permission of the LC instructors

**LC 102 The Testing of American Youth****6 Credits**

Why do students have to take standardized tests--and is there a better way to do it? "The Testing of American Youth" will examine these central questions from several angles. Some readings will approach the question skeptically, critiquing how standardized testing has contributed to social inequality and impacted classroom learning time. In other units, we will explore more hopeful examples of standardized testing, looking at international models of how schools might use tests to promote academic excellence and even address the needs of diverse classrooms. Throughout, students will draw upon their own educational philosophies about testing and will develop them further through discussions of journalism, educational history, philosophy, and current data.

*Prerequisites:* Appropriate scores on English placement tests or C- or better in ENG

**LC 103 Sustainability for the 21st Century****7 Credits**

As one community, the Earth's inhabitants are faced with many critical challenges in the 21st century--species' extinction, diminishing energy resources, increasing population, and human civilizations' limited vision of alternatives. Whether Homo sapiens can learn to manage their life styles in a sustainable manner will impact the long-term survival of all the species on this planet. This concern animates this Learning Community (LC). Its participants will explore in expository writing and class discussion the interconnectedness of all lives on Earth in issues particularly related to energy and food production and consumption.

**LC 105 You Are What You Eat****6 Credits**

An introduction to the sciences of nutrition and psychology, and their applications to everyday life. Students will learn how to apply the logic of science to their own nutritional concerns, psychological processes, and behaviors. Nutrition topics include the six major nutrients: carbohydrates, fats, proteins, vitamins, minerals, and water, energy balance, weight control, the digestive process, nutrition fads, supplements, fiber, and disease as it relates to nutrition and fitness. Psychological topics include general principles of scientific investigation, the brain and neurological processes, learning, cognition and memory, development over the lifespan, stress, personality, attitudes, social interactions and social influence, and psychological disorders. Special attention will be paid to the bidirectional relationship between psychology and nutrition: the influence of psychological and social processes on eating behaviors, and of nutrition on psychological processes.

**LC 106 Teen Mom****6 Credits**

In this class, we will explore the causes and consequences of teen pregnancy through a sociological and literary lens. What role do institutions, schools, family, gender, and identity play in this issue? Where is there support for teen parents and how are they being let down? Holyoke, MA has repeatedly had the highest rate of teen pregnancy in the state of Massachusetts. How is the city of Holyoke addressing this issue? We will explore that question through relationships with organizations that aim to improve the lives of teen parents. We will also analyze the literary techniques of writers who illuminate the experiences of teen parents in novels, plays, poetry and short stories. Works of literature may include: Conception by Kalisha Buckhanon, the play Independence by Lee Blessing, and the poetry of young mothers studying at the Care Center in Holyoke.

**LC 107 Monsters and Freaks 6 Credits**

The monster is everywhere in popular culture—in novels such as *Frankenstein* and *Dracula*, young adult literature like *The Twilight Saga*, television series such as *Buffy The Vampire Slayer* and the latest productions of *iZombie* and *The Walking Dead*, as well as short fiction, comic books, graphic novels, and films. Yet the monster myth has existed for thousands of years, and has been widely used by writers as a vehicle for addressing a host of provocative topics. How can we account for the popularity, adaptability, and unique appeal of the monster figure? With what fears and fantasies in the human psyche does it resonate? In terms of the literary genre, how do we classify these increasingly diverse works? The course explores the many aspects of this phenomenon, from its origins in the gothic tradition to its recent incarnation as urban fantasy and paranormal romance. We will also look at the monster as rendered through comedy (the films *Young Frankenstein* and *Monsters, Inc.* to explore the ways in which the monster has been recast. Readings include the early stories of Mary Shelley, Bram Stoker, and Lord Byron, and more recent works. Clips from films will be viewed during class, and theoretical works by Freud, Asma, and others will assist us in our investigations.

**LC 201 All Things Connect 6 Credits**

In his classic essay “The Land Ethic,” Aldo Leopold argues that to effect meaningful change in the world, we need to focus not just on people’s behavior but on their “intellectual emphasis, loyalties, affections, and convictions.” How do we do that? One way is through good scientific research, theorizing, and argumentation; that’s at the core of ecopsychology. Another way is through meaningful accounts of people’s experience in nature: sometimes beautiful, sometimes frightening, but always offering us insight into our deep connection with a living earth. Join us as we explore the human relationship to the natural world through ecopsychology and literature from different ages and cultures.

**LC 202 Free to Be Free 6 Credits**

At a time when American culture was vitalized by frequent and fruitful exchanges between avant-garde poets and painters, poet John Ashbery remarked that he had “learned a lot” from New York School painters; what impressed him most, he said, was that “they ... were free to be free.” The 1950s saw a proliferation of experiment in the verbal and visual arts in the U.S. This course focuses on two locations – Black Mountain College and New York – to explore in detail both the range of experiments in literature (especially poetry) and art, and also the interactions of writers and artists, of writing and visual arts. Key concepts include improvisation, collaboration, abstraction, kitsch, emptiness and erasure, the avant-garde, and co-optation. Key figures include Pollock, deKooning, Motherwell, Rothko, Rauschenberg, Hartigan, Frankenthaler, Cage, Olson, Creeley, Ashbery, O’Hara, Schuyler, Koch, and Guest. This Learning Community contains a course at Smith College; it will include Smith students and will often meet on the Smith campus.

*Prerequisites: a 3.5 GPA after 30 hours of study and English 102 is preferred. Permission of the instructor is required.*

**LC 203 The Politics of Food 7 Credits**

Anthelme Brillat-Savarin, once wrote: “You are what you eat.” Do you ever wonder where your food comes from? Or where your garbage ends up? As we face increasing global environmental concerns, especially concerns with food shortages and safety, people throughout the world are seeking answers that will bring our planet to a healthier, more sustainable condition. All environmental controversies involve ethical dilemmas. Should we develop communities or leave open space? Should food be distributed more equitably? What is a fair allocation of resources? How do we ensure clean air and water, and who should pay for it? Will the current agricultural practices provide both safe and healthy food, and sustain the planet? In this honors Learning Community we will explore these dilemmas as well as others and, more significantly, attempt to discern how the choices we make determine our existences and, perhaps more importantly, determine the lives of future generations, as well as the existence of the earth itself. “Land,” as Aldo Leopold once wrote, “is a system of interdependent parts which should be regarded as a community and not a commodity.” We will begin from Leopold’s insight concerning the land that we rely upon to survive to explore various ecological philosophies and how these conceptual frameworks help us understand our natural place on our planet. [The laboratory component will be integrated into the course.]

**Linked Courses**

English 095-101 combines two semester-length classes (English 095 & English 101), allowing students to move through both courses in a single semester. In addition to the required six hours per week of class time and an hour of online instruction, students should plan to spend at least ten hours each week completing the reading, writing, and other work required for the course. Students who complete both courses with a grade of C- or higher will be eligible for English 102. Please see each course combination for information about the theme—students are encouraged to enroll in an 095-101 combination that appeals to their academic and/or personal interests.

**ENG 095-101 #1: “Us and Them”: What makes us feel like an insider or an outsider, and why does it matter?**

*This course will explore why we feel we “belong” in some situations and places and not others. Some of the possible topics we will cover include how we speak, how news media constructs images of “us” and “them,” and how geography influences our social lives and beliefs. Prerequisite: ENG 085 with a C- or better; or appropriate Placement Test Scores*

FALL

**ENG 095-101 #2: Why school? What is an education?**

Schooled or educated? What have your experiences been, and how have your perceptions, values, and habits been shaped by them? This course will consider the general theories and purposes of education/schooling, and the state of the classroom in particular. Prerequisite: ENG 085 with a C- or better; or appropriate Placement Test Scores

**ENG 095-101 #3: What Makes Us Tick?**

In this course we will study the psychology of motivation in education, addiction, and mental illness. How do the institutions that appear to serve us actually keep us from being free and enlightened? How has science shaped the way we understand human behavior? Is there such a thing as insanity, and is it manufactured rather than treated by the field of psychiatry? Prerequisite: ENG 085 with a C- or better; or appropriate Placement Test Scores

**Mathematics**

Holyoke Community College requires all graduates to meet a basic math competency skill requirement in addition to taking a college level (100 or higher) mathematics course. The basic math competency is satisfied by all college level mathematics courses except MTH 155. Students taking MTH 155 as their only college level mathematics course will need to either take MTH 075 or place out of MTH 075 prior to graduation from HCC.

FALL

**Multiple Pathways Same Goal**

Wherever you're headed, Career Development can put you on the right path by connecting your academic major to career opportunities.

- Career Counseling
- Career Exploration
- Academic Planning
- Strategic Job Search Preparation: resumes, cover letters, interviewing

**For more information or to schedule an appointment, visit the ACT Center Frost 273 or email: [careercenter@hcc.edu](mailto:careercenter@hcc.edu)**

**We're Affordable!**

An HCC education is one of the most affordable options in higher education today. Low tuition and fees, combined with financial assistance for eligible students, allow many to attend with little or no out-of-pocket expenses.

**For financial information, including tuition and fees, financial aid, and waivers, see page 8.**

**ONLINE LEARNING****What You Need to Know About HCC Online**

At HCC you can take online courses and complete your entire degree online. We would like to share some information and invite you to join HCC Online.

Moodle is our Learning Management System where all course materials, (syllabus, assignments, readings, etc.) are posted. You can explore and familiarize yourself with Moodle in the Learn Moodle course.

In order to take online courses, you should have basic computer skills and access to a computer with Internet.

Online courses are not self-paced. They follow the same academic calendar as on-campus courses. Students are expected to log in and start coursework the first day of classes. Each course outlines the

attendance policy and participation requirements in the syllabus.

Are Online Courses Easier? Not really. You should expect to complete the same amount of work as normally required in an on-campus course. For example, for a 3 credit class, you are expected to be online working at least 3 to 5 days a week.

Most courses require a textbook. Make sure you have your textbook for the first day of classes. A link to our virtual College Store is available in the Moodle log in page.

Find Information about Moodle, eTutoring (online tutoring), and online library services at:

Students new to science and technology will get a hands-on introduction to the STEM disciplines (science, technology, engineering, and mathematics) that are so critical to successfully navigating life and careers in the 21st Century. Working in collaborative teams just as they would in the workplace, students will gather information from field trips, lectures, visiting experts, and their own research as they explore cross-disciplinary solutions to real-world problems. Topics may include environmental science, genetics, biotechnology, earth science, astronomy and engineering along with the mathematics, chemistry and physics to support them.
