Parental Non-Support Certification  
2019-2020

Student Name: ____________________________  
Student ID: __________________

The U. S. Department of Education allows a financial aid administrator to award a dependent student an unsubsidized loan without parental FAFSA information as long as the parent(s):
→ has ended financial support of the student and,
→ refuses to complete parental sections of the FAFSA.

This provision of the law only allows financial aid administrators to award unsubsidized loans. A financial aid administrator cannot award any other type of financial aid (subsidized loans, grant aid, work-study, etc.) to a dependent student who does not have parental FAFSA information.

If you are in the situation described above and would like to be considered for an unsubsidized loan, please have one of your FAFSA parents* complete the certification below.

Parental Certification:

I certify that I:
• have stopped providing financial support to the student (note that financial support includes not only payment by the parent of educational costs, but also providing other cash and non-cash support such as room and/or board.); and
• will not provide financial support in the future; and
• refuse to complete the parental section of the FAFSA.

Date when financial support of the student stopped ____________ (must be provided)

Printed name of parent: ____________________________

Signature of parent: ____________________________  
Date: __________________

*Biological or adoptive parents. If your parents are unmarried and not living together or are separated or divorced, your FAFSA parent is the parent you lived with more during the 12 months prior to the date you completed the FAFSA. If you did not live with one parent more than another, the FAFSA parent is the parent who provided more financial support during the 12 months prior to the date you completed the FAFSA or during the most recent year that you actually received support from a parent.
