

**HOLYOKE
COMMUNITY
COLLEGE**

The Graduate Follow-up Survey
CLASS OF 2022

Purpose of the Graduate Follow-up Survey

Each year, Holyoke Community College (HCC) gathers information on our recent graduates. A graduate follow-up survey was distributed to all graduates from the current calendar year. The purpose of the graduate follow-up survey is two fold. First, students were asked to self-report on their employment and educational status. Second, it was an attempt to learn something about how HCC students evaluate the college and the experience(s) the college affords. Was their experience satisfying? Did it help them move toward their goals?

A survey for the class of 2022 was distributed to 632 graduates and 13% of these graduates responded to the survey. The graduate follow-up survey is administered 3-6 months after graduation. Survey data are based on graduates within a calendar year. Federal (IPEDS) and State (HEIRS) reports are based on fiscal year. As a result figures here may differ from those reported elsewhere.

For additional information on HCC graduates, degrees conferred, institutions to which HCC graduates transfer, graduate rates, and more, please visit Staff Resources on the MyHCC page (HCC faculty and staff only), or call the Office of Institutional Effectiveness and Strategic Analytics (413-552-2289).

EMPLOYMENT & ENROLLMENT FOR ALL GRAD RESPONDENTS³		80	64		29		33	24	50	30	50

¹Changes in the timeframe of surveying students may affect the employment and enrollment numbers. Starting with the class of 2020, graduates are surveyed 3-6 months after graduation; prior to 2020, graduates were surveyed 9-12 months after graduation. This change is required for Perkins grant reporting.

²Percentages are only meaningful if 6 or more graduates responded to the survey. For programs with less than 6 respondents, the percentage column is left blank.

³76 is the actual number of graduates who responded to the employment question. As Table 1 shows, 80% of those 76 graduates are employed. 49% are employed in a related field. Some graduates had multiple credentials and their employment & enrollment data were counted in multiple degree titles. Some graduates were from programs that had only one graduate and those data and subtotal rows were excluded or amended due to guarantee of data confidentiality. However, these graduates were included in the Grand Total (n=80) row.

Graduate Follow-up Survey

Introduction

Thank you for participating in the Holyoke Community College Survey of the Class of 2022. The survey is entirely voluntary and all of your responses will be kept strictly confidential.

The purpose of the survey is to learn about your experiences at HCC. We are also required by funding agencies to collect employment and educational data from our recent graduates. Your participation will help us to meet the grant requirement and to get funding to support our current and future HCC students' educational goals. This survey should take you approximately 5-7 minutes to complete.
