

ADDENDUM #1
RFP# 27-01

Trash Disposal & Recycling Services

June 24, 2026

QUESTIONS AND ANSWERS

This Addendum contains one (1) page.

- 1) Please verify the date the bid is due. Bid currently provides Thursday, July 1, 2026 for all bid submissions. July 1st is on a Wednesday.
 - a.) **The Proposal Due Date should be Thursday July 2nd, 2026 at 11:00AM. An amended RFP document will be posted with the corrected date.**

- 2) We spoke and toured the facility with one of the maintenance personnel. I will be bidding per the bid specifications and not the current equipment on site but looking for some information regarding the container for confidential paper only for the 8yd container. While on site we were shown that currently there is a covered 15yd container for confidential paper. Will the 8yd replace the 15yd? Also are there any specifications on disposal of this container or will the material already have been shredded before being placed inside?
 - a.) **We need it to be a 15 yard, when it is emptied we will need a certificate of destruction. Not everything is shredded beforehand.**

- 3) How many 90 gallon totes will be needed for both tin and glass.
 - a.) **We will need between 15 and 20 recycling totes emptied every week which are located in lots lower J and H.**
