Credit Needed:	60	Credit Pending:	42	Total Credit Earned This Section:	18
				0	18.0

*Note: Students are responsible for the course requirements and the course of study for the degree program. Only courses that meet degree requirements can be used in determining Federal financial aid eligibility each semester. Undergraduate students must be registered for at least 6 Credit per term to receive Federal financial aid. If students deviate from the course of study, financial aid eligibility is put at risk and the student will be responsible for paying for courses through other arrangements.
