

College-Level Examination Program (CLEP)

The College Board College-Level Examination Program (CLEP) provides students with the opportunity to demonstrate college-level knowledge in a variety of subject areas. Students may take a CLEP examination without completing the corresponding college course. CLEP scores range from 20 to 80 points. A score of 50 or higher is commonly recommended by the American Council on Education (ACE) for college credit, although HCC determines its own credit-granting policies and required scores, as noted below:
