

DANTES Subject Standardized Tests (DSST)

The DSST (formerly commonly referred to as a DANTES exam) program provides students the opportunity to earn college credit by demonstrating knowledge acquired outside the traditional classroom. DSST examinations are available to both military and civilian test takers. DSST scores for current examinations range from 200 to 500, with a score of 400 generally considered the passing score. HCC accepts the following exams with a passing score as equivalent to the course listed:
