Business Electives ECN 101 or ECN 102 (recommended)	EC 112 or EC 111 Macro/Micro Economics
General Elective (History course recommended)	Historical Perspective

This is not an articulation agreement. This chart should serve as a reference for Holyoke Community College students who eventually plan to transfer to Western New England University. We hope that this will aid you in working towards your academic goals and maximize the transfer credit applied towards a degree at Western New England University. Please reference our University Catalogue for additional information. A maximum of 70 semester hours may be transferred from two-year institutions.

Lab Science—any courses from the following areas: BIO, CHM, ESC, FRS, or PHS.

Business courses from a college not accredited by AACSB that are determined to be equivalent to 300-400 level courses at Western New England University will be considered for credit (up to two courses).

All course recommendations are for the below business majors: Accounting, Business Analytics and Information Management. Finance, General Business, Human Resource Management, Management & Leadership, Marketing, Marketing Communications/ Advertising, Sport Management.

Business Analytics & Information Management - In order to complete the Business Analytics and Information Management degree at WNE in two additional years, students must take BAIM 221 - Statistics for Business Analytics at WNE prior to enrolling at WNE. Without this course it will take an additional year to complete this program.

This is not an articulation agreement. This chart should serve as a reference for Holyoke Community College students who eventually plan to transfer to Western New England University. We hope that this will aid you in working towards your academic goals and maximize the transfer credit applied towards a degree at Western New England University. Please reference our University Catalogue for additional information. A maximum of 70 semester hours may be transferred from two-year institutions.

All engineering candidates are encouraged to complete one four-credit circuits course (EGR 223) prior to enrolling at Western New England University. Candidates for Electrical and Computer Engineering are encouraged to complete an additional four-credit circuits course (EGR 224) and a four-credit digital design course (EGR 109) prior to enrolling at Western New England University. Without these three courses a student majoring in Electrical Engineering or Computer Engineering will most likely require additional time to satisfy the bachelor's degree requirements at Western New England University. This is due to prerequisite requirements and sequential course offerings.

* The following Holyoke Community College courses will count towards satisfying Western New England University's general University requirements: **Humanities**: any history course (one), PHI 101 Intro to Philosophy or PHI 120 Ethics (one). **Social Science**: PSY 110 Intro to Psychology or SOC 110 Intro to Sociology or any economics course (one).

The below courses are highly recommended and without these courses a student will require additional time to satisfy the bachelors' requirements.

- **Mechanical (Recommended) MTH 213 Calculus 3, EGR 221 Mechanics, EGR 222 Mechanics II, EGR 223 Systems Analysis I, MTH 214 Differential Equations, CHM 121 Inorganic Chemistry I, EGR 117 and EGR 118. Additional course EGR 250 Thermodynamics.
- **Electrical or Computer (Recommended) MTH 213 Calculus 3, EGR 221 Mechanics, EGR 223 Systems Analysis I, EGR 224 Systems Analysis II, MTH 214 Differential Equations, CHM 121 Inorganic Chemistry I, EGR 109 Intro to Electronic Digital Circuits with Verilog, EGR 117 and EGR 118 Additional course MTH 142 Statistics.
- **Industrial (Recommended) MTH 213 Calculus 3, EGR 221 Mechanics, EGR 223 Systems Analysis I, MTH 214 Diff. Equations, CHM 121 Inorganic Chem I, MTH 142 Statistics, EGR 117 and EGR 118 Additional Course: ACC 111 Principles of Accounting I.
- **Civil (Recommended) MTH 213 Calculus 3, EGR 221 Mechanics, EGR 222 Mechanics 2, MTH 214 Differential Equations, CHM 121 Inorganic Chemistry I, CHM 124 Inorganic Chemistry II, EGR 117 and EGR 118. Additional Course: EGR 250 Thermodynamics.
- **Biomedical (recommended) MTH 213 Calculus 3, MTH 214 Differential Equations, CHM 121 Inorganic Chemistry, CHM 124 Inorganic Chemistry II, EGR 223 Systems Analysis I, BIO 107 General Biology I, EGR 117 and EGR 118.
- *** To receive credit for Western New England's ENGR 102 First Year Engineering Seminar and ENGR 110 Data Acquisition/Processing students must complete EGR 110 or SEM 110 at Holyoke Community College. It is highly recommended students take both EGR 117 and EGR 118 for transferability into Western New England's Engineering programs. Without these courses a student will require more time to complete their degree at Western New England.
